Steps to install Golf software on your smartphone.

1. Download the app golfsoftware.com onto your smartphone. No space between golf and software.
2. Click on the app. A screen will appear with three options. Click on the League Manager system Icon.
3. You will be asked to enter your organization abbreviation. Use MBL. This will bring you to our website.
4. On the bar with the Male bonding league logo far right, there will be 3 bar pull down. This will be the lower three bar icon. Click this pull down and you will be able to sign in.
5. Enter your e-mail and password. For first time users, go through the sign up option to establish a password.
6. You can click play
7. Then Post score to enter scores as we play.
8. You can also access anything on the website.

Your smart phone should remember your email and league for the next time.
